When it comes to preparing your child for school, you should expect the best. Stepping Ahead Preschool provides this. Our program is filled with fun and educational activities carefully designed and prepared to help give your child the tools and encouragement for a life time of learning. Our focused curriculum incorporates ABC's, writing, phonics, math, science, dramatic play and reading. Our learning systems focus on mental, physical, emotional, and communicational development that your child will need to excel in their education.
